

Coverage policy for non-participation due to health issues or injuries

During the registration Athletes can purchase an additional coverage policy (12.00 euros/per person) covering the risk of non-participation in the sporting event due to health issues or injuries. The refund can be requested to the organizer by e-mail (bvm@radunisportivi.it) up to 48 hours before the beginning of the sporting event, attaching the medical files attesting the health condition or injury. The refund is calculated on the payments made under the headings 'Team fee' and 'Accommodation' according to the following guidelines: the result of the ratio between the payment of the 'Team fee' and the number of the team members, is added to the result of the ratio of the payment of the accommodation only (where the person requesting the refund would have stayed) and the number of beds of the self-same accommodation. The purchase of the policy has to be made at the same time of the registration. The 'Athlete fee', the 'Non-Athlete fee', all optional services and personal extras and the transport cost aren't included in the refund. Refund requests which arrive later than 48 hours before the starting of the sporting event cannot be accepted. Likewise, refund requests with a prognosis not covering the entire duration of the sporting event cannot be accepted. The refund is granted for a maximum of one participant registered as 'Athlete' in one or more of the 2x2 M/F/Mixed and 3x3 M/F categories teams, and for a maximum of two participants registered as 'Athletes' in one or more 4x4 Mixed categories teams.

Note: the refund is given after the event. Any request to add new 'Athletes' made after the activation of the refund request is to be considered a replacement and cancels the refund right.
